At the craft stores these pencils can be purchased individually for about \$1.85 or a set can be purchased with four pencils with a nice eraser for about \$4 or \$5. Make sure to use a coupon to bring down the price.

****Calculators**

For grades 7th-8th a dollar store calculator is sufficient.

Note: If you plan to purchase a calculator that your student will use through 12th grade, please purchase the most basic calculator you can find that has the trig functions (SIN, COS, TAN). Most any TI-30 or TI-36 calculator is acceptable. Please do not buy "pro", graphing, or other "fancy" calculators.
